(b) The produciion of paper and paperboard in the country has been showing an upward trend in recent years. This has led to easy availability of paper and competitive conditions in the market. The current level of production of paper and paperboard in the country more or less mutches consumption.

(c) In order to enable the paper industry to overcome the problem of raw mate-ri; '. l availability, the facility of import of pulp, waste paper, wood chips and wood logs under OGL was extended to the industry. Excise concessions have been granted for use of non-conventional raw materials, including bagasse. Efforts are also made to ensure that the industry gets its normal requirement of coal for maintaining production. Full flexibility has been allowed to the industry to take up manufacture of any variety of paper and paper grade pulp including paper/straw board within the licensed capacity in line with the market demand.

Industries in backward areas in Bihar

916. SHRI S. S. AHLUWALIA: Will the Minister of INDUSTRY be p to state:

(a) whether the Central Government have decided *to* set up Industries in backward areas;

(b) if so, when this decision was taken; I

le) the number of licences, issued to I set up industries in Bihar after this deci-1 sion was taken;

(d) the names of districts in Bihar which have been declared as backward; and

(e) what are the details of the industries proposed to be set up in each such district ?

THE MINISTER OF STATE IN THE DEPARTMENT OF INDUSTRIAL DEVELOPMENT IN THE MINISTRY OF INDUSTRY (SHRI M. ARUNACHALAM): (a) and (b) Industrialisation of specific areas is primarily the responsibility of the State Governments concerned. The Central Government have. however, been supplementing the efforts of the State Governments by providing various concessions and incentives for setting up industries in backward areas.

(c) A total number of 62 industrial licences were issued during the years 1984 to 1987 (upto September) for setting up of industries in Bihar. Of these, 12 licences were specifically for location of units in centrally declared industrially backward areas of the State.

(d) 17 districts in Bihar have been declared as industrially backward. The names of these districts are given in the Booklet on "Incentives for Industries in Backward Areas (Central Government and Central Financial Institutions)", copies of which are available in Parliament Library. The areas carved out of these districts and merged with other districts continue to be treated as industrially backward.

(e) the undertaking, location (including the name of t Details, such as name and address of he district), item(s) of manufacture and capacity etc.. in respect of all industrial licences issued are being publish-j ed by the Indian Investment Centre in j their "Monthly Newsletter'. Copies ofthis publication are being sent to thearliament Library regularly.

Bajaj Scooters
